## Strategic Plans 2022-2027

GWBHS Board members and volunteers worked with professional facilitator Deb Macon to more fully develop 2020 strategic plans. In early 2022, by Zoom and in person, three strategic planning team meetings (10 attending) were held to develop GWBHS' 2022-2027 mission, values, and vision.

We conducted the first, in recent memory, GWBHS outreach survey invitation via 80 email contacts to members, partners, and community. The survey requested responses about GWBHS strengths, opportunities, results, and aspirations. With a high 25% response rate, GWBHS was pleased to receive positive input and valuable considerations.

Deb presented the findings to GWBHS Board members, who carefully streamlined and adopted new Mission and Vision statements and a first-time Value statement.

Efforts included Board adoption of one-year priorities of four strategic goals: Effective governance, fiscal sustainability, vibrant outreach and education, and engaged members and volunteers. We are aligning our efforts with these goals in mind. We appreciate these volunteer and Board member efforts helping GWBHS move forward through this five-month process!

## THIS PLACE REFLECTS OUR HISTORY

**And continues as a community history museum**

Our local history is chronicled on the grounds of Orchard Lake Museum, 3951 Orchard Lake Road! This became apparent in 2021, during exhibit research, when we learned this place has always been a public space

where people could enjoy a view of Orchard Lake with Apple Island (listed on the National Register of Historic Places through Greater West Bloomfield Historical Society efforts).

Historical maps show Indigenous paths on the east side of Orchard Lake. In the 1800s this property housed a tavern for stagecoach travelers, then the Orchard Lake Hotel for vacationers, and then finally redeveloped in 1932 as the Orchard Lake Village City Hall. It has been the Orchard Lake Museum and Society home since 1987.

For 35 years, GWBHS has appreciated Museum use and City Of Orchard Lake Village (COLV) support with five-year lease agreements. The current lease expires August 1, 2022.

Through the years, there have been times when GWBHS' continued Museum use was in doubt. This summer, we were told a five-year lease was no longer possible, and only two years could be considered, with GWBHS leaving after that. Consideration of a GWBHS lease renewal agreement took place at the June 21 Council meeting. Comments ranged from asking us to move, to an offer of a three-year lease, to eventually the approval of a five-year lease. We are very pleased to have a 2022-2027 lease agreement approval so we may continue enriching our communities of Keego Harbor, Orchard Lake, Sylvan Lake, and West Bloomfield, by collecting, preserving, and sharing history! Our vision is that our communities will understand how our past shapes, inspires, and informs the present and the future.

## of President Gina Gregory

2022 has been a time to further develop Strategic Plans, consider our lease situation, implement new student museum visit plans, further organize archive files, and host Open Houses on the 1st/ 2nd/ 4th/ 5th Sundays & 3rd Fridays 1-4 pm, along with hosting programs and attending community events.

The pre-1914 Herschede tubular chime clock was repaired and now marks time, chiming every 15 minutes, a sound from yesteryear.

Museum visitors' written comments have been positive: excellent museum. Amazing. Thank you! Nice layout. Great information. Awesome little museum, beautiful, serene. Thank you!!!

All these activities require volunteer effort and we

need more people to support a wide variety of activities! Please consider your passion for history and how you can give a few hours a month keeping history alive for our community. By working together, we move forward. Contact [gina@gwbhs.org](mailto:gina@gwbhs.org) to volunteer. (Office & Activities Coordinator Cory Taylor left GWBHS for a full time curator position at Illitch Holdings, LLC. New staff will be hired when a clearer GWBHS direction is apparent)

Consider showing your support now with your membership, tribute donation, exhibit sponsorship, and planned giving. We look forward to seeing you in person at the Appreciation Reception and other programs!

### Michigan Week Awards

Congratulations to the planning committee for a memorable 50th anniversary Michigan Week Community Awards Breakfast, established in 1972. GWBHS is an active participant in this program that recognizes area volunteers. GWBHS nominees:

Mikwandahn "Mike" Jewell received a Volunteer Lifetime Leadership Award and Molly Rozycki, posthumously received a Volunteer Lifetime

Leadership Award. Jacket Club of Keego Harbor nominated Paul Mellerowicz, who received the Volunteer Service Award for volunteering his talents and skills to Orchard Lake St. Mary's.

**Tour Pontoons Boats Ordered** West Bloomfield School District's 50-year old pontoon boats are no longer operational. Two tour pontoon boats have been ordered and we look forward to resuming Apple Island Tours June 10 and 11, 2023.

**Juneteenth in the WB** For the second year GWBHS participated in the event, sharing information and exhibits about African Americans in this area. We received many appreciative comments.

### Save the Date for the Pine Lake Cemetery Tour.

Meet Saturday, October 8, 11 am -1 pm, Pine Lake Cemetery, east side of Middlebelt, north of Lone Pine. Take part in a walking tour of Pine Lake Cemetery and learn the history of founding residents, prominent people, sports figures, and others with Sexton Mari Bem and docents. Optional restaurant gathering afterward. Rain or shine. \$5 donation requested.

# In Memoriam

Molly Rozycki, 1953 - 2021

Eileen (Molly) Rozycki, 1953-2021, died unexpectedly and will be missed.

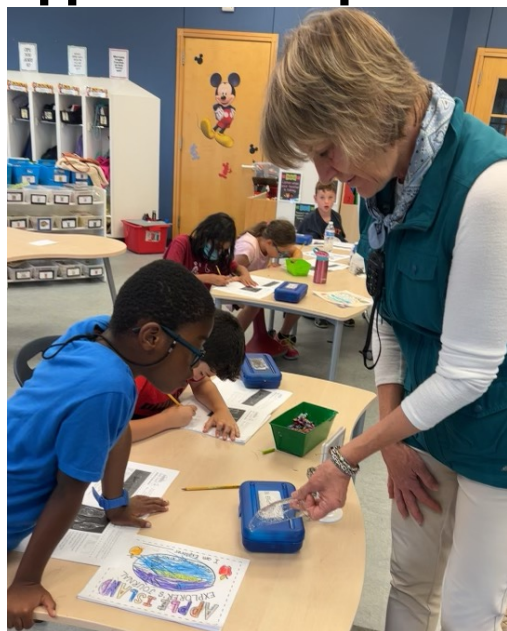

As a GWBHS Board member, Molly shared her DeConick and Doherty family history.

Both families were early residents of West Bloomfield Township. Her uncle, John Doherty, was the Township Supervisor for many years and the DeConicks farmed.

Molly volunteered with Apple Island Tours, and helped with the 2014 GWBHS home tour, and the 2007 Orchard Lake Museum renovation. As a Sylvan Lake resident, Molly was active with many Sylvan Lake events, including all Sylvan Lake home tours.

# Apple Island Explorer's Journal

Adapted from event Co-Chair Midge Davidson

In 2021 West Bloomfield School District second grade students attended classes virtually. Staff asked GWBHS, and Christy Forhan developed, with District educators, a virtual Apple Island Explorer's Journal curriculum. In 2022 the accurate, engaging curriculum was used in classrooms. Christy texted: I was in Mary Ann Ayar's class yesterday [Gretchko School] as Apple Island special guest. They've been working their way through the Explorer's Journal and Artifact worksheets. They knew so much! It was such a joy to see the resources in action. They also used the Artifact Worksheets and enjoyed seeing some of them in real life (ex:broken yellow glass plate, Pontiac Dairy milk bottle).

## Who Had More Fun?

If you passed by the Orchard Lake Museum during the second-grade field trips, you saw children and adults outside the museum learning about their local history. Excitement and eagerness of trying out historic artifacts and chores related to early life in our area was evident in their joyous expressions. This involvement led to insights and questions.

Students had studied about Apple Island prior to their visit. Teachers, parents, children, and museum educators Carol Fink and Linda Kidd met in the museum to get an overview of the day. Inquiring about items in the museum helped them begin to understand how the past affects their own lives.

Students participated with parents at four stations outside the museum. They learned how early school sites were often donated by local farmers. They compared farming practices of Native Americans and early farmers. They tried children's farm chores. A visit to the oldest item on the museum grounds, a gift of the glaciers, was a big hit before they moved on to the archeological dig. Finding objects, natural and manmade, told the story of their past. The arrowheads, animal bones, seeds, stones, flatware, buttons, and other artifacts led to more inquiries. Inside the museum they discussed what they found, what it may have been used for, and how it ended up in the dig site. Questions expanded beyond the time limit. "We can't wait to do it again!" Carol Fink and Linda Kidd.
